

eltec 2027

Messe Nürnberg
22–24 June

**Trade Fair for Electrical
and Energy Technology**

www.eltec-messe.de

eltec 2027

Bavaria's hub for electrical and energy technology

Of the more than 10,000 electrical engineering companies in southern Germany, over 3,000 are based in Bavaria. These Bavarian companies, with their approximately 90,000 employees, generated an annual turnover of more than 15 billion euros. These figures underscore Bavaria's exceptional role in Germany and make eltec THE marketplace for electrical and energy technology.

Products – Solutions – Presentation

Particularly at a time of the energy transition, the rapid expansion of smart building technology and ongoing digitalisation, eltec offers a unique opportunity to showcase your products and services in the most effective way. Seize this opportunity and present solutions to the challenges your customers face.

Industry – Skilled trades – Wholesale

At eltec, leading brands come together to discuss the future of electrical engineering. eltec: a marketplace that shapes the future.
